

Spring Gobbler Survey Instructions: Electronic Option

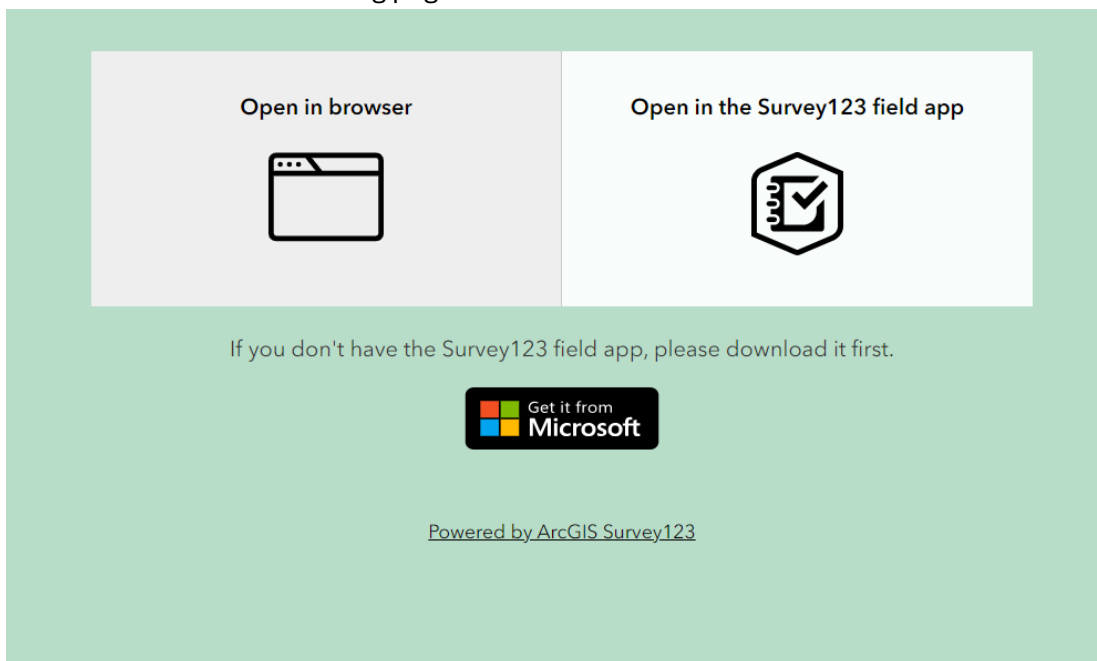

Accessing the survey through the internet browser:

1. Go to <https://arcg.is/0TD4ue1> or use your phone to scan the QR code below. If you plan to use the survey on your internet browser, you can create a bookmark for this site as the start page for the survey.

2. You should see the following page:

3. To complete the survey through your internet browser, click the box on the left labeled “Open in browser’ and you will be redirected to the survey.
4. Once the survey is open, you will need to complete the required questions (marked with a red asterisk) in order to move on to the next page. You can return to previous pages to edit them using the back button.
5. The survey is not complete until you click the submit button and see the following message: “Thank you. Your response was submitted successfully.” If you close the browser page, you will lose your progress. Drafts cannot be saved.
6. You cannot edit a survey once it has been submitted. Please complete a new survey for each hunt you participate in during the survey period.

Accessing the survey through Survey 123 app:

1. Download the ArcGIS Survey123 app onto your phone using your app store (Google Play or Apple Store).

a. Logo:

2. Once the app is downloaded, open the app. If you have an ArcGIS Online account, sign in. Otherwise, choose the option to 'continue without signing in'.
3. In the search bar at the top of the app, click the QR code button. This should open your camera. Scan the QR code below.

4. The app should load a new survey tile to your home page. Click on the tile labelled 'Spring Gobbler Survey'.
5. Click the button at the bottom labelled 'Collect' to start entering information into the survey.
6. Navigate the survey using the forward and back arrows at the bottom of the survey.
7. The survey is not complete until you click the submit button and see the following message: "Thank you. Your response was submitted successfully." You must complete all required questions (marked with a red asterisk) before submitting the survey. If you do not have service to submit, you can close the survey using the X button in the top left and choose 'Save in Drafts'. This will save your progress and allow you to edit or submit the survey later.
8. You cannot edit a survey once it has been submitted. Please complete a new survey for each hunt you participate in during the survey period.
